

Rustic Hardware

Exclusively from Hurd, distressed hardware custom designed to complement our products perfectly.

Hurd[™]
Windows and Doors

Introducing new, old world hardware; delightfully dinged, dated & distressed.

How can something so brand spanking new look so old? How can lines this classic create a look that's authentically old world but also contemporary?

Introducing Hurd Rustic Hardware. Built by Truth[®] and available on Hurd windows and doors, this handsome new line offers authentic distressed appeal, combined with all of today's solid security technology.

Hurd Rustic Hardware was created as a complete family—with each angle, every curve and even those natural-looking distress marks patiently and intentionally designed to achieve artistic perfection. While these new products look great in our photographs, they "feel" even better. Once you've handled our beefy Rustic Hardware, you'll know for certain that we've created the ideal complement to our custom windows.

Our new Rustic Hardware is available in light or dark bronze on our aluminum clad wood and all-wood lines. It's interchangeable with our current standard hardware line, except on our double hung windows.

Two color options: Light Bronze and Dark Bronze.

Casement/Awning

Double Hung

Optional Sash Lifts

Sliding Patio Door

*An option that actually
saves you money.*

When you upgrade to our Rustic Hardware as a part of your window package from Hurd, you'll find that it's actually priced lower than what you'd pay for comparable products from a hardware company.

Swinging Patio Door

What is perfection?

We think of it as a journey. It's something we strive for every day in every product we make. And even though we may never achieve absolute perfection, the quest for it has given our Hurd family a tremendous amount of pride and satisfaction. We think you'll sense it in the beauty and performance of Hurd windows and doors.
