

Award-Winning Construction

With over 30 years of experience, Finecraft Building Contractors has built more than 600 single-family homes, home additions, home remodels and home renovations throughout Maryland, Washington D.C., and Virginia. Finecraft is a company you can trust. We are members of the Maryland Builders Industry Association (MBIA), NARI's CotY Award winner, Best of Houzz in Service & Design for 2014, 2015 and 2016, we are also NKBA members and a Premier GuildQuality member since 2012.

Our Mission

At Finecraft, "high-quality" is our mantra. We won't turn it over to you as done until it's perfect. Our mission is to deliver on-time projects that are sound, aesthetic yet durable, and which respond to the needs for which they are designed and created, leaving its creators - the clients, architects and Finecraft - with high morale and a sense of accomplishment, happiness and pride in a job well-done.

Building Great Experiences

Personal Touch

When you hire Finecraft you are assigned a team of professionals, including a project manager, an accounts specialist, and a customer service representative, available seven days a week to answer any questions you may have. Our founder and president, George Papaheraklis, is also involved with every project from start to finish - bringing over 40 years of hands-on experience, an Architectural degree, and a deep personal sense of investment in your home.

You're Always in the Loop, Even When You're Out of State

When you build with Finecraft, not only do we stay in constant contact with you, we also give you 24/7 access to our secure online customer portal where you can keep track of progress directly from your computer, tablet or phone. Through your online customer portal you will have many options to keep up to date on the progress of your house project.

On Time and On Schedule:

Kitchens: 3-4 weeks | Bathrooms 2-3 weeks | Custom Homes 9-10 months | Porches/Patios 1-2 months | Renovations 3-4 months

Beyond Expectations

We Go the Extra Mile

Finecraft Contractors doesn't just offer complimentary consultations. Finecraft meets with homeowners to discuss their vision, to walk the site and offer suggestions, answer any questions and gather enough information in order to provide a no-obligation estimate. We take the time to listen and understand your vision so we can offer you guidance in order to accomplish an on-budget project.

Testimonials:

"We are first-time homebuyers and have never dealt with home renovations. Our house was in decent condition at purchase but needed a serious facelift throughout - we hired Finecraft to renovate the majority of the house, which meant new bathrooms, kitchen, new drywall pretty much everywhere, electrical, etc. They did an excellent job guiding us through the process (their site manager was particularly good, always calm, and easy to talk to). They handled hiccups in the schedule and work plan very well, and had really good suggestions for improvements throughout the house (removing parts of walls, design ideas for custom cabinetry). Overall, excellent experience and we are thrilled with the results. Highly recommend." – Beth B.

"Claude C. Lapp Architects has recently had the pleasure of collaborating with Finecraft Contractors, Inc. on a renovation and large addition. The experience has been outstanding. Finecraft staff possess wonderful communication skills that guide projects along without a hitch. Their knowledge and passion for the industry are ever-present through every phase of construction. Over the years, we have been lucky to have worked with many of the area's finest builders and contractors. Finecraft ranks among the top from our perspective. We look forward to working with them in the future." – Claude C. Lapp Architects, LLC

"Finecraft built an addition and new outbuilding, designed by my firm, for one of the more finely-detailed late-19th century homes in the town of Kensington's historic district. The owners chose Finecraft because they wanted to match the quality of detail and workmanship that had sold them on the house in the first place. The end result did not disappoint. Finecraft performed at a high level of professionalism and the quality of their workmanship was superb." – Helen Crettier Wilkes
