

**9000 SERIES SLIDER**  
OPENING OF 16 FT X 15 FT 6FT RADIUS

# 9000 SERIES MULTI-SLIDE DOOR SYSTEM

The Panda 9000 Series Multi-Slide Door System is a traditional all aluminum multi-slide with narrow profiles for minimum obstruction. This economical and versatile slider can be used as either a door or window and is well suited for a variety of projects. From mid-level tracked homes to high-end custom homes and from condominiums to luxury hotels this flexible system can do the job.

## Product Information

- Traditional multi-slide made from 6063-T5 aluminum extrusions.
- The slim 1 ½" thick by 2 ½" wide profiles allows maximum glass area for an unobstructed view.
- Durable multi-point locking system for increased security standard.
- Variety of track options. Standard ¾" track with high weather-ability performance. Recessed tracks may be used leaving only a 3/16" rail exposed in the finish floor.
- The stainless steel wheels can carry over 400 lbs each and have a smooth, effortless operation.
- Can fit any type glass up to ¾" thick (Clear LowE Tempered IG is standard).
- Maximum individual panel size is 4'6" wide and 10' tall.
- Powder Coat finish available in an array of standard colors. Also available in custom matched colors and Kynar or Anodized finishes.
- Available in Straight, 90 Degree, 45 Degree, Radius and Pocketing configurations.
- Optional screens available.
- All systems are custom made to order to each unique opening and design style.
