“World’s First Hurricane Rated
Lift & Slide”

Lift & Slide

Panda's Lift & Slide Sliding Door System is the **INDUSTRIE'S FIRST HURRICANE RATED LIFT & SLIDE** on the market. With continual refinement Panda has created the finest multi-slide door system available today. These doors are designed to achieve extremely large sizes to open virtually any room to the outside world. With the Lift & Slide's unique recessed track and the ability to hide in wall pockets you can have a completely un-obstructed opening.

The Panda Lift & Slide Doors:

- Available in Aluminum / Aluminum & Aluminum / Wood
- Available in literally thousands of colors and almost any wood species
- Custom built to order
- Available in Powder Coat, Anodized and Kynar finishes
- Maximum size per panel is 72 sq. ft.
- Can be used in virtually any size opening
- Hurricane tested and rated to 100 psf
- Profiles made of 1/8" thick 6063-T5 extruded aluminum for maximum durability and oversized panels
- 4 types of track systems available with a seamless look with only a 3/16" rail above the finished floor.
- The finest German hardware used for the smoothest operation and maximum durability.
- A wide variety of configurations: Mono-directional, Bi-parting, 90 degree, 45 degree, Radius (12 ft minimum), Pockets.
- Multipoint locking system
- Glass options: All market types available up to 1" thick
- System backed by a 10 year warranty

Panda Windows & Doors is the exclusive dealer in the Western Hemisphere of this foremost Italian manufacturer of high quality custom wood windows and doors. Available in Dark Red Merante, European Oak and Javanese Teak these durable all weather profiles consist of three laminas which are pre-dried and glued at high-frequency for superior stability and mechanical resistance. The profiles are immersion-impregnated with water-based fungus-resistant filler and finished with water varnishes, which is used for its superior characteristics and eco friendly, non-pollutant nature. *Also available with aluminum cladding.*
