S.10
All Aluminum
Lift & Slide
Sliding Door System

Various Pocketing systems were used for this semi-custom home. The large opening is 4 panels that span a total opening of 16' wide by 10' high.

"The Cliffs" Semi-Custom Residential Development, Las Vegas, Nevada

S.10 All Aluminum Lift & Slide Sliding Door System

At "The Cliffs" in Las Vegas, Panda supplied 168 Lift & Slide units in various sizes and configurations. Half of the system's panels are radius and stack while the other half are straight panels that pocket into the wall. This 10' high door was perfect for the magnificent views of the golf course and the Las Vegas Strip.

"The Cliffs" Semi-Custom Residential Development, Las Vegas, Nevada

S.10
All Aluminum
Lift & Slide
Sliding Door System

Queens Ridge Luxury Towers, Las Vegas, Nevada

These custom residential towers are extremely unique in that they all feature condo units that span the width of the building, meaning that each unit has views from both sides of the building. Every unit features phenomenal cityscape sights of the Las Vegas Strip, and on the other side the gorgeous view of Red Rock Canyon National Conservation Area.

Panda supplied 26 Lift & Slides that are found in every penthouse in the towers.

TS.19 Thermally Broken Aluminum Lift & Slide Sliding Door System

Among luxury custom homes, Dale Earnhardt's private residence located in Charlotte, North Carolina truly has it all. The professional racer's home features a private raceway for practice and pleasure right in the back yard. Panda supplied a state of the art Aluminum Lift & Slide door system to fully open up the fun and enjoyment of the private lounge area to the outdoor pool. The 8 panels span an opening 31' wide by 10' high.

TS.19
Thermally Broken
Aluminum Lift & Slide
Sliding Door System

The 22' wide by 11' high door system opens up this living space to the lake shore and views of the Spring Mountains.

Private Residence 1, Lake Las Vegas, Henderson, Nevada

S.11 Automated Radius Aluminum/Wood Clad Lift & Slide Sliding Door System

Utilizing the elegance of wood interior clad, this system spans a large opening to an infinity pool area that overlooks the golf course. The door spans a large 27' wide by 12' high opening.

Private Residence 2, The "Ridges" Development, Las Vegas, Nevada

**S.11
Automated,
Aluminum/Wood Clad
Lift & Slide
Sliding Door System**

The secondary living space is doubled in size when the door panels all stack to either side, opening up the room to the patio. The opening is 30' wide by 12' high.

Private Residence 2, The "Ridges" Development, Las Vegas, Nevada

S.11
Automated,
Aluminum/Wood Clad
Lift & Slide
Sliding Door System

This luxurious master bedroom suite opens up to the skyline of the Las Vegas strip and a beautifully landscaped nearby golf course. Panda's door system is 25' wide by 9' high and custom powder coated on the exterior and clad with rich mahogany wood on the interior to meet the client's precise taste and style.

Private Residence 2, The "Ridges" Development, Las Vegas, Nevada

S.11
Aluminum/Wood Clad
Lift & Slide
Sliding Door System

Panda supplied 600 door systems for this featured project at the 5-star rated Resort at Pelican Hill located in famous Orange County California. These doors were designed with custom kick-plates, Alder wood interior clad, and a custom color Kynar finish on the exterior for maximum elegance and luxury.

The Resort at Pelican Hill, Newport Coast, California

The Resort at Pelican Hill, Newport Coast, California

The Resort at Pelican Hill, Newport Coast, California

S.11 Aluminum/Wood Clad Lift & Slide Sliding Door System

Once a destination for island royalty, this luxurious resort is nestled between a private lagoon and marina on the southwestern part of the island Oahu, in Hawaii. This is a project that called for Panda's ability to create custom high-end windows and doors on a large scale. Panda supplied 600 Lift & Slides in various sizes and 800 Tilt & Turn windows for this elite project. What better way to enjoy island life than with a Panda door system welcoming the sights indoors with virtually no obstruction. The opening is 18' wide by 8' high with fixed side lights on each side.

Ko 'Olina Resort and Marina, Oahu, Hawaii

S.11
Aluminum/Wood Clad
Lift & Slide
Sliding Door System

The Lift & Slide system complements the luxurious flavor present at this fine beach resort. The panels pocket on each side to fully open the indoors to the outdoors for an irresistible view.

Ko 'Olina Resort and Marina, Oahu, Hawaii

Below: View from the edge of the shore of the private lagoon/beach and the resort buildings.

Ko 'Olina Resort and Marina, Oahu, Hawaii

S.12 Solid Wood Lift & Slide Sliding Door System

Various Wood systems are featured in this private residence, including Lift & Slides, Tilt & Turn windows, and fixed windows. The radius Solid Wood Lift & Slide is a prime luxurious architectural statement. The rich mahogany wood tops off the warmth and elegance the client desired.

Private Residence 3, Boise, Idaho

Private Residence 4, Mexico

S.12 Solid Wood Lift & Slide Sliding Door System

This featured project truly represents the WOW factor that Panda customers have come to expect. Every aspect of this home relies on the large openings provided by Panda's custom wood doors and windows. With views like these, the homeowner did not want to miss a thing, so Panda provided "a view that, until now, had only been imagined."

Private Residence 4, Mexico

**S.12 Lift & Slides,
S.66 Folding Door Windows,
and S.47 Fixed Window Units**

Private Residence 4, Mexico

S.65
**Platinum Aluminum/
Wood Clad
Sliding Door System**

Panda's windows and doors provide a gorgeous view of the private pool and spa area. There are various fixed window units in addition to the Platinum sliding door.

Private Residence 5, Scottsdale, Arizona

**S.65
Platinum Aluminum/
Wood Clad
Sliding Door System**

Pictured left page: This private residence in Oregon utilized Panda's large sliding doors to provide a spacious and open feel while providing security and function to the living space. When opened up on warm days the Panda doors provide a seamless transition to the yard.

**S.90
9000 Series
Multi Slide
Door System**

Pictured above: Perfect for radius units such as this one, the opening faces a golf course for a clean view to the city. The 6 panel door is 22' wide by 9' high with a 7' radius.

Above: Queens Ridge Custom Home Development, Las Vegas, Nevada

S.90
9000 Series
Multi Slide
Door System

The radius 9000 Series Multi Slide door system is automated for effortless operation. This door system opens up to an infinity pool that extends views of the various golf courses and city of Las Vegas. This door is 34' wide by 10' high with a 9' radius. Whether enjoying a morning cup of coffee or a candlelit evening meal, these clients will always have a view like no other.

Private Residence 2, The "Ridges" Development, Las Vegas, Nevada

**S.10 Lift & Slide,
S.90 9000 Series
Sliding Door Systems**

XS Nightclub at Encore, Wynn Resort, Las Vegas, Nevada

This featured project shows how Panda offers specialized options for commercial applications. The indoor club area opens up to a large cabana style pool area through a 41' wide by 20' high Panda Lift & Slide door system. The 8 panels of the Lift & Slide part in the center and pocket on each side. This project also features 2 large 9000 Series Sliding door systems that set on each side of the main opening to the pool area. These 9000s are radius curved and are made up of 4 15' high panels that part and may stack at any point along the track for a customizable opening.

S.81 Grand View Sliding Door System

This casita is opened up to the lake front for cool evening breezes and morning sunshine. With views of nearby mountains and wildlife, the slim profile of the S.81 allows the homeowners to enjoy the pleasant surroundings and not feel restricted indoors. The door meets at a 90 degree corner within a total opening that is 24' wide by 8' high. All the panels are pocketed into the walls when the door is open.

*Private Residence 7,
Lake Las Vegas, Henderson, Nevada*

S.81 Grand View Sliding Door System

The aluminum slider offers a very contemporary and sleek look. The sight-lines are slim, but the strength of the frame can still support large panels.

Private Residence 8 , Kansas City, Missouri

S.51 All Aluminum Bi-Folding Door

The aluminum 51 Series Bi-Folding door units are shown in two different configurations. Both are on a 90 degree corner with no obstructing post for an open feel. The system on the right is a window configuration surrounding a spa, while the door on the left is an opening from the master bedroom in this private residence. The opening on the left is 22' wide by 10' high and the one on the right is 18' wide by 7' high.

Private Residence 9, Spanish Hills, Las Vegas, Nevada

**S.51 All Aluminum Bi-Folding Door
& S.10 All Aluminum
Lift & Slide Sliding Door**

These doors surround a cozy courtyard where homeowners enjoy relaxing in private while enjoying the freshness of the outdoors.

Private Residence 10, Santa Monica, California

**S.60
Thermally Broken
Bi-Folding Door System**

This is a commercial project for Irvine University located in Irvine, California. Panda supplied several S.60 Thermally Broken Bi-Folding door systems. These doors feature a custom 12" kick plate to protect the door during continual use by students.

Irvine University, Irvine, California

**S.60
Thermally Broken
Bi-Folding Door System**

The 13 panel S.60 Thermally Broken folding door spans 40' wide by 9' high. This provides the ability to welcome the outdoors in on nice days and shut it out in times of disruptive weather, while still providing remarkable views of the California countryside.

Irvine University, Irvine, California

S.60 Thermally Broken Bi-Folding Door System

For astounding outdoor views even in cold climates the S.60 Thermally Broken Bi-Folding door system is a perfect choice. This private residence in Canada utilizes these Panda doors for maximum natural light and warmth even when snow is falling. During warmer months the space may be opened up to fully enjoy the back yard and let in the fresh air.

Private Residence 11, Canada

S.60 Thermally Broken Bi-Folding Door System

These panels span a total opening of 27' wide by 8' high.

Private Residence 11, Canada

S.60 Thermally Broken Bi-Folding Door System

The S.60 Thermally Broken Folding doors provide panoramic views at this ski resort in the mountains.

S.72 Aluminum with Interior Wood Clad Bi-Folding Door System

This system provides access to a private outdoor lounge space that overlooks the Strip and much of the Las Vegas valley. The door features Mahogany wood clad for a warmth that matches the décor of this luxurious suite.

Penthouse Suite, Golden Nugget Hotel and Casino, Las Vegas, Nevada

S.72 Aluminum with Interior Wood Clad Bi-Folding Door System

Homeowners open up this door to provide magnificent views of the ocean and allow the sea breeze to fill their home with delight.

Private Residence 12, La Jolla, California

S.72 Aluminum with Interior Wood Clad Bi-Folding Door System

Setting the example of what luxury is, pleasure and elegance, this home rests right on the cliffs along the coast. With Panda's doors, the homeowners never miss a sunset.

Private Residence 12, La Jolla, California

S.66 Solid Wood Bi-Folding System

These Bi-Folding windows allow for a spectacular view of the world outside.

Private Residence 4, Mexico

**S.20
Aluminum
Pivot Door with
Sidelights and
Custom Art Glass**

The front entry door offers the luxurious appeal that a luxury custom home should have. The opening is 6' wide by 10' high.

Private Residence 13, Palm Springs, California

S.20 Aluminum Pivot Door

Pictured is an Aluminum Pivot door that stands 5' wide by 10' high. These doors adorn many high-end custom homes and feature many custom options, including color, handles, and glass.

Private Residence 14, Salt Lake City, Utah

S.22 Aluminum/Wood Clad French Doors

These doors feature custom hardware and true divides. With a thickness of 2¾" the doors can be large in size to accommodate large openings. This door system is 7' wide by 10' high.

*Penthouse Suite, Golden Nugget Hotel and Casino,
Las Vegas, Nevada*

S.45 Fixed Windows

This custom home is nestled in the hills near Lake Mead, southeast of Las Vegas, Nevada. Panda's fixed windows were a perfect choice for panoramic views of the largest man-made lake in the country. The windows span a total opening of 27' wide by 6' high.

Private Residence 15, Lake Mead, Boulder City, Nevada

S.46
Aluminum/Wood Clad
Tilt & Turn Windows

S.46
Aluminum with
Interior Wood Clad Tilt
& Turn Windows,
and Fixed Windows

For a custom look, these windows were designed with fixed units on the bottom of each Tilt & Turn.

Queens Ridge Luxury Towers, Las Vegas, Nevada

Founded in the early 1990s, Panda Windows & Doors manufactures and distributes the finest custom windows and doors in the world today. Panda continues to set new standards with its state-of-the-art facility, using the highest quality materials available. Panda offers windows and doors thermally broken in aluminum, aluminum/wood, and all wood. Many custom door options are offered, including Bi-Folding, Multi-Slide and Radius systems. Panda also manufactures a variety of custom Awning, Fixed, Casement, Tilt & Turn and Radius windows.

Bring Panda Windows & Doors in to your home for a view, until now, you have only imagined.
