WINDOWS & DOORS

THE
CONTEMPORARY
COLLECTION

The Weather Shield Contemporary Collection

Embraces modern architecture and expresses it with beauty and simplicity.

Here creativity finds an intelligent voice.

Welcome to our Contemporary Collection. Windows and doors with a seamless, modern aesthetic have been flawlessly engineered and painstakingly crafted for those who reject compromise. This innovative and exceptional collection is intended specifically to enhance the expansive views of custom, high-end homes.

When your goal is to explore the boundaries of design, these windows and doors are up to the challenge.

The Weather Shield Contemporary Collection

Sophisticated styling. Sleek lines. Stunning simplicity. From the sightlines to the finishes and hardware, we've considered every element of design to achieve a true contemporary, minimalistic appearance.

Developed in collaboration with architects and interior designers, this collection brings a bold and modern aesthetic to the residential market. It's apparent throughout our extensive offerings that great care has been taken to remain true to architecturally correct contemporary design.

Two distinct frame styles Shadow line frames feature a recessed sash to create depth and dimension. Flush frames include the sash and frame on the same plane for a clean, streamlined look.

Narrow profiles now extend to our elegant doors with a slimmed-down 3 1/4" stile and rail.

Custom hardware with modern squared-off styling, now available in a wider range of finishes.

CASEMENT WINDOWS

The views are more expansive. The hardware is more elegant. Your options are seemingly never-ending. Explore the boundaries of modern design with the next generation of casement windows.

Sizes up to 42" x 96" offer unrestricted views that open to the outdoors.

Handle sets and lock levers have clean, right-angle lines for a smart, precise feel.

Polyurethane enamel interior paint is an option for a sleek architectural finish in an array of color choices.

Energy efficient glass options let you optimize performance in any climate.

There is
beauty in
evolution.

AWNING WINDOWS

Minimal lines welcome daylight into the room. The hinged sash opens outward to beckon the breeze. Alone or combined into a flowing ribbon of glass, awning windows can be the functional building blocks of dramatic effect.

Window frames can have a flush sash for a streamlined look, or a recessed sash to add dimension. | **Low-profile cranks** have a smaller footprint and fold neatly out of the way. | **Square glazing beads** provide a visual detail that satisfies a high-end aesthetic. Sizes up to 60" x 60" for more design options.

The Weather Shield Contemporary Collection

Thin lines
allow thicker
scenery.

The Weather Shield Contemporary Collection

WINDOW

90° CORNER

Add drama to the corners of your home design by opening them up to more glass. Our 90° corner windows have a narrow 1¹⁵/₁₆" mullion designed to give you more view and less distraction.

144 standard sizes plus custom capabilities.

Factory glazed and ready to install.

Units can be stacked for stunning design.

Polyurethane enamel interior paint is a great finish option for dramatic interior aesthetics.

The Weather Shield Contemporary Collection

SPECIAL SHAPE WINDOWS

Slim-line appearance maximizes exposed glass and the admission of natural light.

Direct set design adds greater structural integrity.

Flawless craftsmanship ensures that all special shape windows are built to the highest standards.

It can be a delicate and graceful curve. Or a sharp and compelling angle. If you can imagine the geometry, chances are we can configure a special shape window to add resounding punctuation to your design.

Make a statement
with striking elegance.

The Weather Shield Contemporary Collection

Clever engineering
drives bold exploration.

The Weather Shield Contemporary Collection

BI-FOLD DOORS

There's not a more stylish way to connect interior and outdoor spaces. With our beautifully slender bi-fold doors, you have flexible options to conceive and create expanded living areas with inspired flair.

Dramatic folding glass walls with up to 8 panels can accommodate openings over 24' x 10'. | **Narrow 3 1/4" stiles** enhance and maximize the view. | **Hinged panels** fold accordion-style to the outside along a fixed track.

The Weather Shield Contemporary Collection

HINGED PATIO DOORS

Minimalist design meets exceptional engineering. Precise, contemporary handles complement the clean lines of the panels. Square interior profiles extend the modern aesthetic, allowing a seamless marriage of doors and windows.

Thick 2 ¼" core panels strengthen door to allow narrower rails and stiles.

Single or double doors available up to 10' tall.

Secure locking system engages on 5 points of contact for a tight seal.

Narrow 3 ¼" stile and rail maximizes the view.

SLIDING AND MULTI-SLIDE DOORS

Accent the connection between a home and its surroundings. Design light-drenched living spaces that flow effortlessly onto outdoor lounging areas. With massive spans up to 50' wide and 10' high, our sliding and multi-slide doors let imaginations soar.

Slim-line appearance maximizes light for a natural ambiance that's warm and welcoming. | **Contemporary hardware** offers a clean, sophisticated look. | **Multiple configurations** from 2-panel slider to 10-panel pocket. | **Precision bearing rollers** are engineered with exacting hardware for effortless motion.

The Weather Shield Contemporary Collection

Five reasons
to consider
Weather Shield.

With hundreds of window and door manufacturers to choose from, it can be difficult to distinguish one company from another. We thought it might be helpful to share a few of the things that set Weather Shield apart from the rest.

Continuous innovation At Weather Shield, we never stop searching for ways to improve both our products and our processes. The goal of discovering new and innovative solutions has always been part of our DNA. That's why we have our own dedicated Research & Development Center and the largest onsite test lab in the industry. Not a day goes by when we aren't working on building a better product.

Best-in-class warranty At Weather Shield, we do more than talk about our dedication to craftsmanship and quality materials. We back our products with a warranty against defects in material or workmanship for a period of 20 years, and against wood rot on all clad products for 30 years.* So you can be confident you're getting an outstanding product from a trustworthy company.

Design flexibility When you design with Weather Shield, you have options. Our casements alone allow you to create more than 6,000,000 different configurations.

Choose from an impressive array of wood interiors and finishes, along with a myriad of exterior colors. We also offer some of the industry's largest expanses of glass for framing spectacular views. Whatever the style, whatever the size, nobody gives you more choices than Weather Shield.

Energy efficiency without sacrifice Through our innovative use of materials and design, we're able to offer industrial strength efficiency with refined appearance. We're very deliberate in our use of energy efficient materials to drive performance where it matters most. We're proud to offer an extensive number of beautifully designed ENERGY STAR® rated products.

Family owned & operated For more than 60 years, Weather Shield has remained a family-owned and operated company. That allows us the freedom to take a long-term perspective and keep our focus on serving customer needs rather than a singular focus of achieving quarterly financial targets.

As we've grown to become a respected national brand, we've seen technology and materials evolve. But our core values have never changed. Today, we remain dedicated to building long-term relationships and crafting innovative products that meet the needs of our customers.

The Weather Shield Contemporary Collection

GRILLES

We offer grille options to suit any design: grille between the glass (GBG) and simulated divided lite (SDL).

Grille between the glass GBG consists of aluminum muntin bars between two panes of insulating glass, giving you the look of divided lites while making window cleaning easier.

Simulated divided lite Permanently applied to the glass, SDL consists of exterior and interior grille bars, plus an aluminum spacer bar to achieve clean, three-dimensional sightlines that most owners of fine homes prefer.

Square interior bar profile

A solid foundation
to build on.

HISTORY

When Edward Lee Schield designed his first window in 1955, he set into motion a company built around an inventive spirit. His enthusiasm for innovation defines Weather Shield to this day. After more than 60 years and 33 patents, Weather Shield remains faithfully focused on creating something better and purposeful.

Our quest to bring you the latest and greatest products is firmly grounded in serving the needs of our customers. We're still a family-owned business that believes in listening closely to the people who specify, buy and install our windows and doors. Their input is critical as we strive to improve and perfect every aspect of product design and performance.

Our Contemporary Collection of products embraces our founder's vision of combining old-world craftsmanship with innovative designs and materials. This comprehensive collection features modern aesthetics with the latest advancements in energy efficiency. The end result is a broad, bold and beautiful palette to help bring your dream design to life.

ARCHITECTURAL SERVICES

Weather Shield's architectural team is here to help you solve your design challenges. Whether you're dealing with the requirements of an historic renovation, designing a one-of-a-kind configuration, or facing stringent structural or thermal demands, we're ready, willing and able to help you get it right.

To contact a specialist in our architectural consultation group, call 800.538.8836.

Business hours are 8am – 5pm CST, Monday – Friday.
